

UNICORN ISLAND

CREATE A UNICORN HIDEAWAY FOR READING

Just off the coast of Foggy Harbor, you'll find a secret island where magical creatures have hidden themselves away. Now you can create your own hideaway, perfect for your own reading adventures!

BUILDING YOUR HIDEAWAY:

Materials: couch cushions and/or a table, blankets, pillows, and flashlight.

Prop up couch cushions to make a cozy enclosure for one, or toss a blanket over a table to create a cave big enough for company! Pack extra blankets and pillows for extra comfort, and enough books to fill an afternoon with adventure.

ADD A TOUCH OF MAGIC:

Once you've constructed your hideaway, don't forget the decorations! See the next pages for a printout pennant banner, bookmark, and door hanger.
